| vs Career Average: Below

To Maintain

- Offensive Rebounding:** Secured 4 offensive rebounds (Q1 06:14, Q2 04:16, Q2 03:43, Q2 03:03), placing in the 82nd percentile for total rebounds and generating second-chance opportunities.
- Foul Discipline:** Committed zero fouls in 20 minutes of play, ranking in the 94th percentile and remaining available for all defensive rotations.

To Improve

- **Finishing and Volume:** Scored 0 points on 0/5 shooting overall, falling 10.2 points below career average, which directly hurt offensive spacing (Q1 08:43, Q1 05:41).
- **Passing Execution:** Committed 3 turnovers against only 1 assist (Q2 08:20, Q2 02:59, Q4 02:16), terminating multiple offensive possessions with poor passes.
- **Stint Consistency:** Failed to score in any of the 3 stints and averaged 1 turnover per stint, preventing the team from capitalizing on the +2 to +9 leads present when entering the game.

Practice Focus

1. **#1 - Highest Leverage:** 0 points on 0/2 shooting inside the arc in 20 minutes limited your primary SF role. Action: Practice 1-on-1 downhill drives starting from the wing against a live defender. Target: At least 4 paint touch attempts per game.
2. 3 passing turnovers negated your offensive rebounding efforts. Action: Run transition and half-court passing drills focusing on read-and-react decisions under defensive pressure. Target: Maintain an assist-to-turnover ratio above 1.5 in the next 3 games.
3. 0/3 from beyond the arc decreased overall efficiency. Action: Perform 100 game-speed catch-and-shoot repetitions from the corners and wings. Target: Convert at least 33% on 3+ attempts in future matchups.
