Keep

- **High 2-point efficiency (83%):** Made 5 of 6 two-point attempts, including good movement within stints (Q2 01:26, Q3 07:52). Maintain the frequency of drives to the basket.
- **Significant all-around contribution:** Recorded a plus/minus rating of +23 (100th league percentile) along with 4 assists and 6 rebounds in 25 minutes of play (Q3 04:39).

Improve

- **3-point accuracy and volume:** Shot 4 three-pointers and made only 1 (25%), which hurts floor spacing (Q1 00:41, Q3 06:46). Action: Increase the volume of shots from Catch & Shoot situations while improving footwork on outside shooting. Target: At least 35% accuracy on 5 outside shots in the next game.
- **Free throw capitalization:** Made only 1 out of 4 free throw attempts (Q1 06:53). Action: Establish a consistent 3-second routine before every free throw in practice and games. Target: At least 75% from the line in upcoming games.

This Week's Drills

1. **The Biggest Lever:** Practice 50 free throws at the end of every practice to stabilize percentages under pressure.
2. Practice 3-point shots in Catch & Shoot situations following passes from teammates (such as Ben Callahan-Gold).
3. Work on managing early fouls on defense to avoid foul trouble at the start of quarters.
