Maintain

- Active presence and determined battle under the boards in 20 minutes of play, yielding 4 offensive rebounds and 3 defensive (Q1 06:14, Q2 04:16).
- Maintaining offensive involvement and creating opportunities for teammates during key stretches of the game (Q2 06:40).

Improve

- Lack of output shooting from beyond the arc and in the paint with 0 of 5 from the field, which dropped your scoring average to 0 compared to a career average of 9.8 points, and hurt the team's well-being in the close battle against Hevel Modiin (Q1 08:43, Q4 02:46).
- Decision making in passing that led to 3 critical turnovers, including a turnover in the final minutes that prevented the team's momentum from completing a comeback (Q2 08:20, Q4 02:16).

This Week's Drills

1. **#1 - The Biggest Lever:** 0 of 5 from the field in 20 minutes requires improvement in mid-range shot selection. Action: Limit spot-up shots to open three-pointers only and practice 50 daily mid-range shots off screens. Target: At least 40% shooting from this range in upcoming games.
2. 3 turnovers from inaccurate passes hurt the flow of the game. Action: Execute simple, quick ball passes into the hands of the team's point guard under defensive pressure. Target: Reduce to less than one turnover per game.
3. 0 points in a game out of 20 minutes require deeper involvement in drives to the basket. Action: Practice finishing plays with contact inside the paint without walking into defensive traps. Target: At least 4 successful drive attempts to the basket in the next game.
