Vs my average: ▼ PIR -6.4

To Maintain

- Outside shooting accuracy: **67% (2/3)** from three-point range, including accurate field goal shooting at the end of the third quarter (Q3 05:13, Q4 02:20).
- Defensive rebounding presence: Collecting **2 defensive rebounds** in efficient positioning metrics (Q2 00:55, Q3 06:43).

To Improve

- Significant lack of 2-point shot volume: **0% (0/2)** and points in the paint metric, which led to a 3.6 point decrease compared to the career average (Q1 03:22, Q3 05:40).
- Limited offensive contribution: **0 assists** and 0 fouls drawn in 17 playing minutes, contributing to the efficiency rating plummeting to just 3 against a career average of 9.4.

Practice This Week

1. **The Biggest Lever:** Creating drives to finish in the paint: Based on 0 made 2-pointers out of 2 attempts, practice quick decision-making in the mid-range and entering the paint to increase close-range shot volume to at least 4 per game. Target: At least 2 field goals in the paint area in the next game.
2. Passing involvement and game management: Given 0 assists in 17 minutes, practice passing out of screens and coming off the pick-and-roll structure. Target: Achieving at least one assist or key pass leading to a scoring opportunity in the next game.
3. Free throw percentage and accuracy at the line: Following 0/1 from the free throw line (Q3 04:03), practice 50 free throws at the end of each individual training session. Target: Over 75% accuracy from the free throw line in upcoming games.
