To Maintain

- **Workload management and efficient minute distribution:** You generated an impressive efficiency rating of PIR 23 in 28:47 minutes and finished with an official plus-minus of +14 (100th percentile), while leading the team with 7 assists (94th percentile) without a single turnover (Q2 03:10, Q4 04:36).
- **High accuracy in shot selection:** You finished with 15 points (78th percentile) utilizing precise opportunity conversion in 2-pointers (4/6, 67%) and 3-pointers (2/3, 67%), including a clean performance free of unnecessary missed attempts relative to volume (Q2 01:34, Q4 06:59).

To Improve

- **Game discipline and early fouls:** You accumulated 4 personal fouls (9th percentile adversely) that disrupted your continuity of minutes and broke the momentum, including a foul at Q3 07:42 that led to opponent free throws and a critical foul at Q4 06:04 that narrowed the lead to just one point (+1).
- **Offensive volume and production in the second half:** Your scoring output dropped in the third quarter to 5 points with 2/4 from the field (50%), and in the closing minutes a higher volume in creating direct plays was required to halt the opponent's run at the end of the game (Q3 05:37).

This Week's Drills

1. **The biggest lever:** 4 fouls in 28:47 minutes forced you to the bench at critical moments. The action: when defending the ball-handler in the early stages of quarters, maintain arm's-length distance without making unnecessary physical contact. The target: finish the next game with no more than 2 personal fouls.
2. Full control over turnovers and pace: Despite 0 turnovers in this game, you must practice 50 key passes under double pressure in training to preserve decision-making under high pressure even when the opponent presses on the perimeter line. The target: consistently maintaining 0 turnovers alongside maintaining an assist-to-minute ratio above 0.25.
3. Focused shooting volume for the point guard position: You shot only 3 three-pointers in the game (2/3). The action: increase the volume of structured shots beyond the arc to at least 5

shots in individual training out of movement and passing situations. The target: maintain a minimum of 40% accuracy in the same range in upcoming games.
