Minutes	41
Turnovers	57
Fouls	9

Vs my average: ▼ PIR -4.2

Keep

- **Efficient 3-point volume:** You made 2 out of 5 attempts (40%), accurately capitalizing on situations created by the weaker opponent's sagging defense (Q1 07:33, Q2 00:18).
- **Focus on individual defense:** You contributed 2 defensive rebounds and 1 steal, while maintaining a positive plus-minus balance of +1 against a lower-ranked opponent in the standings.

Improve

- **Early foul trouble management:** You committed 4 fouls in 20 minutes (league percentile 9), including 2 personal fouls in the 4th quarter (Q4 02:48, Q4 01:28) that helped the opponent narrow the gap to just 2 points. Action: When defending the ball handler, maintain an arm's length distance instead of creating unnecessary contact. Goal: No more than 2 fouls per game.
- **Reducing misses and loss of accuracy:** You recorded 3 missed field goals and a drop in PIR to 5 compared to a career average of 9.2 (Q1 03:48, Q3 05:11). Action: Increase your volume of drives to the basket in accordance with the small forward position requirements instead of relying solely on outside shots. Goal: At least 3 mid-range or paint shots in the next game.

Drill of the Week

1. **The Biggest Lever:** Practice set defense without reaching forward, with the goal of keeping total personal fouls below 2 per half.
2. Practice quick decision-making under pressure when finishing drives in the paint to improve 2-point shooting percentages.
3. Practice off-ball movement and connection with playmaking partners (such as LaMont West) to create open shooting opportunities in the corners.
