Weekly Drills

1. **The Biggest Leverage:** Practice 50 catch-and-shoot three-pointers every practice to raise your perimeter shot volume from 4 to 7 attempts per game on average.
2. Practice creating controlled contact on drives to the basket to draw fouls without losing balance, with the goal of maintaining at least 3 free throw attempts per game.
3. Practice quick ball-handling passes out of pick-and-rolls in the first 2 seconds of the possession to increase the number of assists against tight defenses.
