Improve

- **Foul Management in the First Quarter:** 2 personal fouls in the first 6 minutes of the game (Q1 05:52, Q1 02:06) · Early fouls forced an early substitution and bench stint at Q1 02:06, interrupting a positive game momentum while the team held a slim 2-point lead.
- **Presence in Defensive Rebounding:** Only 2 rebounds in 23 minutes of play (career average 3.9, 33rd league percentile) · Lack of box-outs at the wing position (SF) limited the team's ability to initiate fast transitions.

This Week's Practice

1. **Biggest Lever:** On ball-handler defense in the first quarter, maintain arm's length distance and avoid early contact that leads to a foul call. The stat: 2 fouls in the first 6 minutes of Q1. Target: Maximum 1 foul across the entire first half.
2. Practice defensive box-outs at the wing position immediately upon opponent's shot release. The stat: Only 2 rebounds in the game vs. career average of 3.9. Target: Secure at least 4 rebounds next game.
3. Increase paint drive volume and mid-range shot creation to capitalize on high efficiency. The stat: Only 3 2-point attempts in 23 minutes. Target: Reach 6 field goal attempts from 2-point range.
