Vs my average: ▲ **PIR +9.8**

## Keep

- **High efficiency in finishing plays and at the free-throw line**: You made 12 out of 16 field goals (75%) and shot 5 out of 5 from the free-throw line throughout the game (Q2 07:43, Q3 04:30), which gave you 29 points and contributed to a PIR of 34 and a 99th league percentile in points.
- **Defensive presence and plus/minus power**: You recorded 2 steals, 1 block (Q4 08:23), and 2 defensive rebounds while your team finished with an official plus/minus of +21 and a 94th plus/minus percentile on the roster.

## Improve

- **Rebound volume below career average**: You contributed only 4 rebounds (2 defensive, 2 offensive) compared to a career average of 7.5 rebounds, which is a decrease of 3.5 rebounds per game and only the 59th league percentile. Action: Increase physical presence in the rebound box on both ends of the court and maintain contact with the opposing offensive player on every shot. Target: At least 6 rebounds in the next game (Q1 05:34, Q3 06:15).
- **Turnovers in decisive quarters**: You turned the ball over twice on poor passes during the 4th quarter (Q4 06:32, Q4 02:24) which led to wasted possessions and allowed the opponent to narrow the gap at the end. Action: Release the pass a second earlier or choose a short safety pass when facing a double team. Target: Zero passing turnovers in upcoming games.

## This Week's Practice

1. **The Biggest Leverage: Positioning and Rebound Box-out:** Perform 15 minutes of individual training after the team practice where you box out an interior player and collect rebounds in the paint areas. Target: Reaching a metric of at least 6 rebounds in the next game.

2. **Pressure Passing Accuracy:** Practice 50 quick field passes against a double-team defense to prevent the 2 passing turnovers you committed in the final quarter (Q4 06:32). Target: Keeping the turnover metric below 2 in every game.
3. **Maintaining Arm's Length on Defense:** Practice lateral movement and preventing penetrations without making unnecessary contact, aiming to maintain defensive aggressiveness without committing early fouls. Target: Reducing personal fouls to less than 2 per game.
