League percentiles: PIR 12 · PTS 5 · REB 82 · AST 36 | vs Career Average: Trending Down

To Preserve

- High offensive rebounding conversion:** Secured 4 offensive boards out of 7 total rebounds (Ranked 3rd best rebounding game of the season), generating second-chance possessions (Q1 06:14, Q2 04:16).
- Consistent defensive glass presence:** Maintained active positioning on defensive rebounds across all 3 stints, finishing above career averages at 7 total rebounds (Q2

To Improve

- **Inefficient shot selection and low volume conversion:** Finished with 0 points on 0/5 shooting (0/2 from 2PT, 0/3 from 3PT), resulting in a -10.2 point differential compared to career averages (Q1 08:43, Q4 02:46).
- **Ball security and passing decisions:** Committed 3 turnovers via poor passing during high-leverage possessions, directly stalling offensive flow (Q2 08:20, Q4 02:16).

Weekly Drills

1. **#1 - The Biggest Leverage Point:** 0 points on 5 missed field goals (0/2 2PT, 0/3 3PT) cost the team essential spacing. *Action:* Eliminate pull-up jumpers outside your primary driving lanes; restrict shot selection to catch-and-shoot 3s or drives to the rim. *Target:* Shoot above 40% from the field with a minimum of 4 attempts next game.
2. **Ball Security & Passing under Pressure:** 3 turnovers committed through inaccurate passing in 20 minutes. *Action:* Simplify passing reads during secondary transition and early offense; prioritize two-handed bounce passes over high-risk cross-court deliveries (Q2 08:20, Q4 02:16). *Target:* Reduce turnovers to 1 or fewer per game.
3. **Offensive Glass to Paint Scoring:** Secured 4 offensive rebounds but converted none into direct putbacks. *Action:* Establish immediate verticality upon catching offensive rebounds instead of bringing the ball down into traffic (Q1 06:14, Q2 04:16). *Target:* Convert at least 50% of offensive rebounds into direct points or drawn fouls.
