Highlighted = a standout number: league top 25% or well above your average. Small number = difference from your average.

League percentiles (vs 5157 league game lines)

Vs my average: ▲ **PIR +19.1**

Maintain

- **Accuracy in high three-point volume:** You made 5 out of 7 from beyond the arc (71%), a 92nd league percentile rating, utilizing precise situations in the opening stint and clutch time (Q2 09:39, Q4 01:57).
- **Creating opportunities for others:** You dished 8 assists (96th league percentile) with steady distribution throughout all quarters of the game, including 3 assists in the final quarter that preserved the team lead (Q4 08:08, Q4 02:30).

Improve

- **Ball handling under stint pressure:** You turned the ball over 4 times throughout the game, including 3 turnovers in the second quarter (including dribbling and backcourt violations) that cost the team momentum stops (Q2 06:54, Q2 01:00).
- **Foul restraint in closing stages:** You committed 3 personal fouls, including 2 in the final quarter that brought defensive pressure (Q4 07:32, Q4 03:30).

Drill This Week

1. **The biggest leverage:** 4 turnovers in 37 minutes hurt the offensive flow. Action: When handling the ball under pressure in the second quarter, execute a safe one-touch pass instead of an unnecessary dribble. Goal: No more than 1 turnover per game.
2. Maintaining arm's length on ball defense without making unnecessary contact. Action: Defend with active feet instead of reaching hands in critical quarters. Goal: Finish a game with a maximum of 1 personal foul.

3. Maintaining high shot volume from the perimeter alongside quick catch-and-shoot. Action: Demand the ball in the corners after off-ball screens. Goal: Maintain at least 65% accuracy on three-pointers at a volume of 7 or more shots.
