Drills for the Week

1. **#1 - Highest Leverage Lever:** 4 personal fouls in 15 minutes cut your playing time short. Action: When guarding the ball-handler on the perimeter, maintain arm-length distance instead of reaching in early stitnts. Target: No more than 1 personal foul before halftime.
2. Catch-and-shoot 3-point volume: 0/5 from deep wasted perimeter opportunities despite a 100% interior clip (3/3). Action: Establish a daily routine of 100 catch-and-shoot corner 3-pointers off relocation screens. Target: Raise 3PT volume to at least 4 attempts per game at a 33%+ clip.
3. Mid-range pull-up efficiency: Taking only 3 two-point field goals in 15 minutes limited scoring output below your 7.1 PTS baseline. Action: Initiate pull-up jumpers out of ball-screen actions within 2 dribbles. Target: Convert at least 50% on mid-range attempts in upcoming games.
